

P2P, Day&Night

3MP Fisheye IP Camera Hardware Dewarp

CAM8093TV-P (W,PoE)

Product Overview

Asoni is pleased to introduce CAM8093TV-P(W, PoE), 3Mega-Pixel Fisheye IP camera. It provides great images with 30 frames per second in 2048x1536 resolution. The fisheye style lens allows user to view a full 360° without any blind spot at all times using a single camera. CAM8093TV-P can monitor and record large spaces. In other words, it monitors your property in all directions, which allows you to get a clear and precise view of the entire region instead of installing 3 or 4 more surveillance cameras

The Easy P2P connection helps you to setup the camera simply and quickly. Asoni CAM8093TV is ideal for your house, retail stores and office. Furthermore, through our free APP, users can now monitor them wherever they are.

Features

- ▶ Mega-Pixel SONY CMOS Sensor
- ▶ Resolution up to 2048x1536
- ▶ Plug & Play, P2P
- ▶ H.264 formats & dual stream
- ▶ Embedded ICR for day & night surveillance
- ▶ Fish Eye Lens for Panorama view
- ▶ Free App (N_eye) for monitoring via Android/iOS smart phone

Hardware

System Structure:	32 dual-core, pure hardware H.264 compression
Image Sensor:	1/3 inch progressive CMOS sensor
Mini. Illumination:	Color: 0.1Lux/F1.1; Black: 0.01Lux/F1.1
Lens:	180° Fish Eye Lens
IR-CUT:	Day/Night
USB interface:	(Built in), support max 64G U Disk
Power:	DC12V

System

Pixel:	3.0 Mega Pixel
Video Processing:	H.264, Dual-stream, AVI Format; 0.1M~8Mbps Adjustable
Frame Rate:	25fps, Support 1~25fps Adjustable
Video Output:	Main Stream: 2048×1536 ,1920×1080, 1280×720 Sub Stream: 640×360, 352×288
Motion Detection:	Support
CMS:	Free 64CH Recording CMS
SDK:	Support

Network

Network interface:	1 RJ45 10M/100M Ethernet port; Support
Protocal:	RTSP/FTP/PPPOE/DHCP/DDNS/NTP/UPnP Protocols
P2P:	Support
WEB:	Support
WiFi:	Optional
PoE:	Optional
3G(WCDMA):	Optional
3C(EVDO):	Optional
